

Elks Lodge #408,

We here at Kandahar Air Base, Afghanistan would like to sincerely thank you so very much for donating the phone cards we received. They definitely have helped tremendously with staying in touch with our families. Each card actually lasted the entire 500 minutes and kept smiles on our faces the entire time because of your thoughtfulness. It's nice to see organizations from back home actually are thinking of the United States Armed Forces and what we are doing for our great nation over seas. Your generosity and thoughts have lifted morale and kept us going from day to day. Please accept our shop photo to hang in your lodge as a Thank You for your support and kindness. We have listed our names and the bases we are stationed at back in the United States.
